# POTTERS FERRO CEMENT TANKS

## BIO DIGESTER

Next-gen septic tank with DRDO bacteria

- BDT reduces pathogens by > 99% and organic matter by 99%
- The effluent release is nontoxic and usable for irrigation and gardening purposes
- Commercially available Toilet Cleaners such as Harpic, Domex etc., can be used

- No moving parts means zero maintenance
- No de-sludging or cleaning needed
- Only one time addition of bacteria
- No clogging of the Bio-Digester Tank

- No foul smell in toilets from the system
- No infestation of cockroaches and flies
- Human waste matter in the tank is not visible
- Effluent is free from odour and solid waste
